

- Students must receive financial clearance from the Student Financial Services Office to participate in graduation ceremonies or to receive a diploma.
- Diplomas will be ready for distribution beginning two weeks after commencement/degree conferral.

Commencement Services. On-campus commencement services occur in May and August. Students who receive December conferral of their degrees have the option of participating in the May commencement services.

Graduation in Absentia. At the time of application for graduation/marching, students must indicate whether or not they plan to participate in the ceremony. Those who complete all degree requirements and choose to graduate in absentia forfeit their right to participate in a later graduation ceremony. Those who participate in a graduation ceremony before completing all degree requirements under the terms specified below may not participate for a second time when they complete their requirements.

Apply Early. Some departments have admission deadlines. Consult departmental sections of this bulletin for details. All students should apply several months before they plan to enroll at the university.

Freshman students are encouraged to apply before their final secondary-school transcript is available. A preliminary transcript, GPA, and available test scores are used by the Undergraduate Admissions Office for admission. All students must submit a final secondary-school transcript and ACT or SAT scores before they complete their first registration.

General Admission Requirements

All undergraduate students must meet minimum general admission standards. Individual schools or departments may set additional standards for entry into particular programs. These standards are often higher than those listed in the Undergraduate General Admission Standards chart.

A student who does not meet the regular admission standards

Transfer students who have earned at least 24 semester credits before applying to Andrews are evaluated on the basis of their college GPA and not their secondary-school GPA.

Transfer credits do not appear on the student's Andrews transcript.

Transfer of Credits. Students enrolling at Andrews University may transfer to their current program a limited number of credits for courses taken at other schools, if the following expectations are met.

- Complete official transcripts are submitted from each institution where work was done. (Registrars of these institutions should send transcripts directly to the Undergraduate Admissions Office of Andrews University.)
- The credits presented for transfer are for college level courses in which the student has earned a grade of C- or higher.
- All credits presented for transfer come directly from accredited institutions.

Requests for transfer of credits may be made only at the time of admission to the university, at the time when a change of program is approved, or if a petition to accept the course is approved and on file before the course is taken. The approving officer may specify conditions that must be fulfilled for the acceptance of the course.

Limit on Number of Transfer Credits. The schools of the university allow no more than 70 semester hours to be transferred from community colleges (two-year) and applied on a baccalaureate degree. More may be approved by the dean as part of a planned professional program.

Only 6 transfer credits, including correspondence credits, may be applied on the last 36 semester credits of a degree program. Individual schools and programs may have other limitations on transfer credits.

Transfer of Credits from an Unaccredited School. Transfer credits from an unaccredited school are accepted on an individual basis after the student has demonstrated satisfactory academic performance at Andrews University. With advice from the Undergraduate Admissions Office and Academic Records Office, the dean of the school concerned determines the credits to be accepted, based on satisfactory performance in advanced-level courses and/or validation examinations. Likewise, departments determine the credits that can be applied toward a major or minor.

Dual enrollment status is available to advanced undergraduate students who wish to begin work on a graduate program. However, taking graduate courses does not guarantee or imply future admission to a degree program.

Requirements for Dual Enrollment. To be eligible for dual enrollment status the student must satisfy all of these requirements:

- Be an undergraduate student at Andrews University
- Be within 12 credits of finishing an undergraduate degree
- Be in the process for admission to a graduate program and meet all other regular admission standards for a graduate program
- Be enrolled in no more than 12 credits (combined graduate and undergraduate) each semester.

Limitation on Graduate Credits. The limitations on graduate credits taken while a student has dual enrollment status are the

If students leave the university after earning at least 8 semester credits and then try to transfer more than 12 semester credits earned in the interim from another college, they are governed by the bulletin for the school year in which they return. The dean of the college in which the student is enrolled might require students (1) to
