Admission Procedure. Applicants must submit those items specified in the Graduate Programs Admission section of this bulletin on p. 44, and the general Seminary admission requirements on p. 301. In addition, they should submit transcripts of MDiv course work.

Degree Requirements

In addition to the scholarship standards in the Graduate Programs Academic Information section of this bulletin (p. 48), students must fulfill the following requirements for the MTh degree program:

- Complete a minimum of 32 credits (including 8 credits for thesis but not including language prerequisites) with a cumulative GPA of 3.00 or above.
- Take GSEM620 (to be done the first time the course is offered after enrollment in the program if the student has not previously taken this course or its equivalent).
- Select a major area of emphasis from among those listed above and complete 16 credits in that area.
- Select a cognate area from those listed above and complete 6–8 credits in this area which supports the area of emphasis.
- Take sufficient electives, if needed, to complete the 32-credit program.
- Take a 5- to 8-hour written comprehensive examination either toward the end of the student's final semester of course work or during the semester immediately following completion of course work. Normally, this examination is prepared by two faculty members from the department offering the area of emphasis (two sections totaling 75% of the examination) and a faculty member from the department offering the cognate area (one section constituting 25% of the examination). These examiners are appointed by the emphasis-area department; notification of the appointment is sent to the Program Director.
- Complete a 8-credit thesis.

If the student fails to pass the comprehensive examination, he/she is allowed to rewrite the section or sections failed (with new questions) after adequate time for preparation as determined by the chair of the department offering the major area of emphasis in consultation with the examiners. A failed examination may be retaken once. If the student fails a second time, he/she is asked to withdraw from the program.

A report of the examination results (and of any retake results) is sent by the department chair in the major area of emphasis to the MTh Program Director who notifies the Dean of the School of Graduate Studies of these results.

Thesis Requirements. All students seeking an MTh degree must

- Complete a 8-credit thesis. The program director, upon recommendation of the department chair in the student's major area of emphasis, appoints an MTh thesis committee consisting of two faculty members, normally from the department in the area of emphasis, to guide the student's preparation of a thesis. One of the two committee members is designated as the student's faculty adviser.
- Give evidence in the preparation of the thesis that he/she is capable of independent research using adequate sources. The thesis should demonstrate the student's skill and maturity of judgment in the discovery, organization, and evaluation of evidence. Procedures for writing a thesis are outlined under

requirements for the MDiv degree in the Thesis Option section (p. 308). However, MTh students should register for 3 or more credits each term for at least two terms.

- Conduct a successful thesis defense. The defense is conducted by an MTh thesis defense committee consisting of the two faculty members who guided the thesis and another faculty member appointed by the Program Director.
